World War III (WWIII or WW3) and the Third World War are names given to a hypothetical third worldwide large-scale military conflict subsequent to World War I and II. The term has been in use since at least as early as 1941. Some have applied it loosely to refer to limited or smaller conflicts such as the Cold War or the War on Terror, while others assumed that such a conflict would surpass ...

World War III - Wikipedia

The fire had spread to about 5 acres in the first 90 minutes of the firefight, and winds carried the wildfire to a footprint of more than 20 acres by 6 p.m. Thursday. Crews worked the fire

Use the bow drill to burn the hole. Once you have carved a small hole, you can use your drill to make this into a better shape to create friction and fire. You can do this by drilling into the hole and burning it with friction. Once you have made this hole, you will be able to re-use it in the future when you want to start a fire with sticks.
