Ghosts Cesar Aira

My initial impulse was to give Ghosts, by Cesar Aira, 4-5 stars based solely on the writing. Aira's prose is beautiful. His writing is graceful and his sentences clean. There is a 3-dimensional quality to the way he builds his story. Not cinematic, which has become overused. Ghosts is, in my opinion, more suited to a play. The descriptions and settings have physical volume.

Ghosts by César Aira - Goodreads

As night falls, the watchman s ineffectual, fiercely imaginative teen-age stepdaughter is drawn into a deadly pact with the ghosts as a way to escape an unnamed specific torment. Aira conjures a languorous, surreal atmosphere of baking heat and quietly menacing shadows that puts one in mind of a painting by de Chirico.

Ghosts is a model of such reticence" - Thomas McGonigle, The Los Angeles Times "(A)n exercise in queasiness, a heady, vertigo-inducing fantasia. Ghosts - César Aira

There is a scripted quality to César Aira's lovely novel, Ghosts – in his descriptions more so than in his handling of dialogue – but I never saw this book as a film. It has more in common with a play whose characters move through a 3-dimensional space, their placement carefully considered and choreographed for dramatic impact.

They pretend to be wholly--not selectively--reporting the world. But César Aira can't be bothered. So my principle reaction to Ghosts was relief: at least this guy isn't pretending. He's an unapologetic child of Kafka--or, more to the point, he shows us

that we all are, fancy literary embellishments aside.

I had bumped into him at a few of my favourite blogs: Caravana de Recuerdos; In Lieu of a Field Guide; Jacquiwine's Journal; Wuthering Expectations; Six Words for a Hat and probably a few other places as well. And strangeness I did get, although not quite in the way I ...
