The RCA box has an occasional glitch, when I am going through the channels one by one using the channel up or down button, on channel 50.1 it drops all audio and the control doesn't do a thing. Then anywhere from 20-60 seconds later, it jumps up a couple of channels (like it had the pending channel change

The RCA DTA800B1 Digital TV Converter is slightly larger than a paperback book and is the ideal solution for consumers who want to keep watching television programs, but don't want to buy a new TV set. It will easily receive over-the-air TV broadcasts and convert them to analog signals that your current TV can display.
