Alphabet - Alphabet - Development and diffusion of alphabets: First five letters in the Latin, Hebrew, Arabic, Greek, and Russian Cyrillic alphabets. Encyclopædia Britannica, Inc. At the end of the 2nd millennium bce, with the political decay of the great nations of the Bronze Age—the Egyptians, Babylonians, Assyrians, Hittites, and Cretans—a new historical world began.

Alphabet - Development and diffusion of alphabets | Britannica

An alphabet is a standardized set of basic written symbols or graphemes (called letters) that represent the phonemes of certain spoken languages. Not all writing systems represent language in this way; in a syllabary, each character represents a syllable, for instance, and logographic systems use characters to represent words, morphemes, or other semantic units.
