The Politics Of Reproduction In

1. Annu Rev Anthropol. 1991;20:311-43. The politics of reproduction. Ginsburg F, Rapp R. PIP: The topic of human reproduction encompasses events throughout the human and especially female life-cycle as well as ideas and practices surrounding fertility, birth, and child care. Most of the scholarship on the subject, up through the 1960s, was based on cross-cultural surveys focused on the beliefs, norms, and values surrounding reproductive behaviors.

Collectively, symposium participants examined the multiple levels on which reproductive practices, policies, and politics depend, and incorporated multiple methodologies and subfield specialties in order to create a framework for integrative research and critical policy analysis in the study of human reproduction.

The Politics of Reproduction | The Wenner-Gren Foundation

The term "reproductive politics" was coined by feminists in the 1970s to describe contemporary Roe v. Wade-era power struggles over contraception and abortion, adoption and surrogacy, and other satellite issues. Forty years later, questions about reproductive rights are just as complex--and controversial--as they were then.
